

The 2BS FORUM (To Be Secure Forum) www.2bs.me is an annual high-level forum that has hopes of becoming a leading International Forum in SEE, which will deal with issues of global, Euro-Atlantic security and security in SEE. The main characteristic of this Forum will be the participation of numerous prominent academics and experts in the field of security policy as well as senior officials from SEE.

The main organizer of the Forum is the Euro-Atlantic Club of Montenegro and co-organizers are: the Ministry of Defense and the Ministry of Justice of Montenegro.

Under the title "Montenegro's Role in Building a Security Framework in SEE", the first 2BS Forum will address some of the major issues of international relations and security. Its goal is to encourage significant discussion regarding the most important dilemmas in the field of international security such as the fight against global and cyber terrorism, combating organized crime and corruption, Euro-Atlantic integration, the perspective of security development in SEE, maritime security, energy security, WMD policy and many other topics that are crucial for SEE and the world at large. This Forum will provide a wide range of opinions, which will be the basis for creating a platform for political, expert, critical and constructive discussion.

The 2BS Forum will be held in Budva, Splendid Hotel ***** (www.montenegrostars.com).

Speakers at the Forum will not deliver their presentations ex cathedra. On the contrary, each panel will be led by an experienced moderator in a dynamic and interactive way, such as a television debate. The moderator will interview the panelist, while enabling interaction with the audience.

Besides the planned panel discussions the 2BS Forum will give a great prominence to many supporting events, such as receptions where participants will have the opportunity to, in a more informal atmosphere, discuss relevant topics. Beside these informal activities participants will be able to visit the National Museum of Montenegro in Cetinje, Lovcen National Park, the famous village of Njeguši as well as a tour around the Bay of Kotor on the sailing ship "Jadran".

Particular attention at the 2BS Forum will be devoted to high-tech support and the 2BS Forum will be live-streamed; in addition to this we will provide the up-link to the satellite so that any television from the region or around the world can broadcast the Forum.

The idea of the 2BS Forum is to gather every year the most influential governmental, non-governmental, corporate leaders and opinion builders, including journalist and security experts, from Montenegro, SEE and the broader transatlantic region. There are expected to be around 100-150 participants at the first 2BS Forum.

The target group of the Forum will be a number of security advisors, decision-makers, ambassadors, members of national parliaments, representatives of governments, members of academia and other key foreign policy and security policy stakeholders. A very important target group is the corporate sector, chiefs and owners of influential enterprises and companies, who will have the possibility of interacting with government representatives on the solution of current security challenges.

The 2BS Forum will be held in English, Montenegrin, Serbian, Croatian and Bosnian language.

This Forum is a great opportunity for the exchange of views on different matters. Participants will have the opportunity to get to know Montenegrin culture and enjoy the national dishes and even more impressive architectural structures in Montenegro.
